& galvanizing industry

Supplier of choice for all your chemical needs

ACTIVITIES:

- ☐ Chemicals for Water Treatment....
Potable Sewage & Pool Water
- ☐ Chemicals for Oil Field & Petroleum Industry
- ☐ Chemicals for Pharmaceutical Industry
- ☐ Chemicals for Food & Beverages Industry
- ☐ Chemicals for Steel & Galvanizing Industry
- ☐ Chemicals for Mining & Ceramic Industry
- ☐ Chemicals for Paint, Paper, Adhesive
& Detergent Industry
- ☐ Chemicals for Every Industrial Use
- ☐ Chemicals for Laboratory & Analytical Use
- ☐ Transportation of Bulk Chemicals
- ☐ Corrosion Control by Rubber Lining for
Storage Tanks. Road Tanks, Pipes, Valves, Etc.

Company Profile

The Global Chemical Supply Chain is evolving rapidly; new challenges, alternative products, revised legislation and a shift towards consolidation are all having a drastic effect on the demand and supply dynamics that decide our day-to-day business.

Fouz Chemical Company is Saudi Arabia's leading industrial & laboratory chemical importer, stockiest and distributor serving the entire manufacturing and maintenance spectrum. It all began way back in 1979, the year Fouz Chemical Company emerged as a chemical supplies and transport specialist. The Dammam based Fouz Chemical Company is owned by Sheikh Muhammad Ahmed Al-Shubaili & Sons, leading Saudi businessmen from the Eastern Province of Saudi Arabia. The company having its branch offices in Dammam, Riyadh and Jeddah has most modern distribution channel of various industrial and laboratory chemicals from its numerous specialized warehouses located in all the major cities of Saudi Arabia. Fouz Chemical stocks and distributes more than 100 different types of industrial chemicals of technical, food and pharma grades in addition to about 400 different laboratory grade chemicals for a variety of industrial and analytical usage.

The Fouz Chemical Company "Where client is treated as a friend" slogan is truly justified by its employees polite and friendly behavior and ever ready to help out attitude towards their clients have been remarkably preserved over the years. The company runs two other supporting divisions simultaneously besides the main chemical division. The specialized Chemical Transport Division with fully equipped fleet of bulk tankers for Acid and Alkali deliveries, and a Rubber Lining Division which takes up the job contract for rubber and teflon lining of various types and sizes of steel tanks, pipes, plates and valves etc.

Relating to the success of its operation and activity, under the management headed by Mr. Muhammad Anwar, the Group General Manager emphasizes the customer-focused approach, the flexible attitude, quality products, timely deliveries and after sales service as the key factors.

DECADES OF SERVICES

For decades as a Chemical Supplier, we've sourced raw materials from chemical suppliers around the world and marketed them to manufacturers and consumers serving key industrial market places. These relationships are based on a long-standing chemicals expertise, exceptional follow-through and the fastest turnaround times in the business

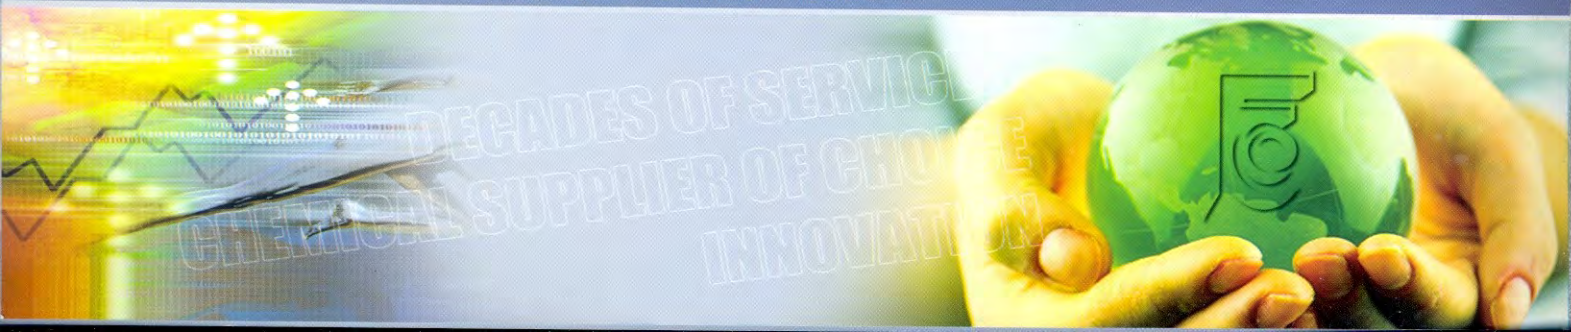

CHEMICAL SUPPLIER OF CHOICE

Fouz Chemical is committed to exceeding environmental, health, safety and continuous improvement standards as set forth in the Responsible Distribution Process. We're a full service chemical distributor partner helping our customers meet manufacturing and distribution requirements at all levels of the supply chain.

INNOVATION

As a chemical supplier, we supply Industrial, Laboratory and Specialty Chemicals from three main branches located in the Eastern, Central and Western Regions. We are governed by guiding principles of innovation, resourcefulness, pro-activeness and accuracy.

Where the client is treated as a friend

Chemicals for water treatment

Water is important. Effective water treatment is essential. Fouz Chemical Company is your water treatment partner, providing a great variety of chemicals which can be applied. The different types of water treatment chemicals are :

Algaecides	Antifoams	Coagulants	Disinfectants
Corrosion Inhibitors	Flocculants	Oxidants and	PH Conditioners

Chemicals for food and beverages industry

Food and Beverage chemicals preserve and protect your Food and Beverage production process, ensure regulatory compliance and maximize the value of your products with High-Quality Food and Beverage chemicals. Fouz Chemical Co. provides food and beverage chemicals which meets all current FDA and Saudi regulatory requirements Fouz also offers tetrapack approved chemical for aspekte packing.

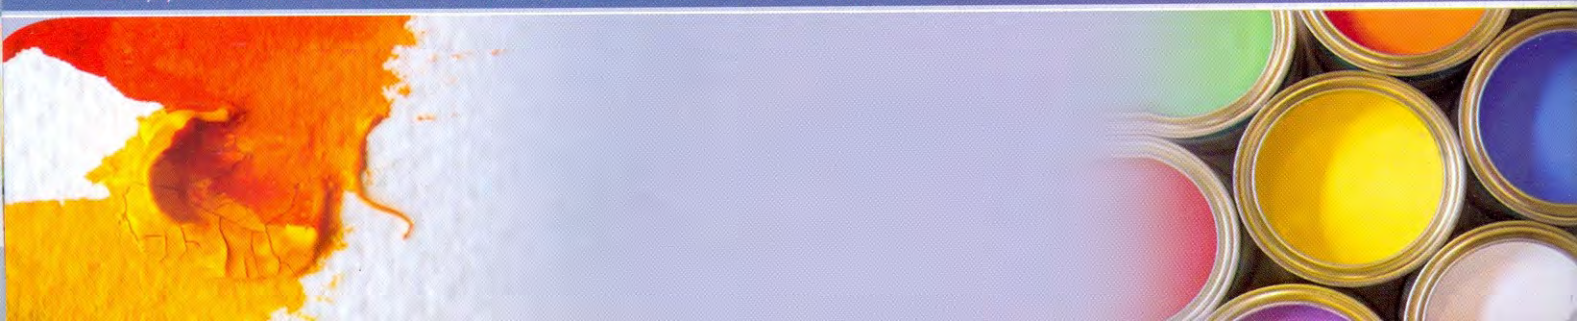

Chemicals for paint, paper and detergent industry

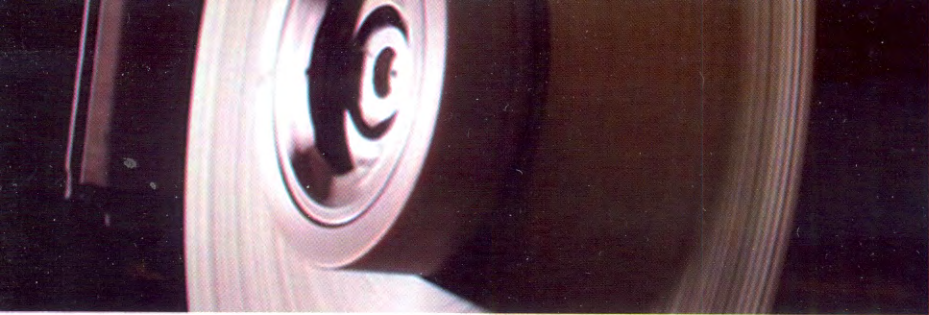

Paint Industry raw materials. We have a small presence in this industry as well and have strong distribution capability backed by support from the companies who produce these items.

We are primarily dealing in the following products which form an important part of the raw material list: Solvents, Ammonia, Hydrogen Peroxide, MPG, Iron Oxide Pigment etc.

We also provide chemical raw materials for Paper and Detergent Industries.

Supplier of choice for all your chemical needs

Chemicals for steel and galvanizing industry

Every month thousands of tons of steel go into general construction. Commercial buildings, Government buildings, shopping centers, apartments, schools, stadiums, light poles, bridges and tunnels: all use hot-dip galvanized steel and no wonder. Enduring the corrosive assaults of climate, weather, chemicals and exhaust fumes, much of that steel is protected by hot-dip galvanizing. Fouz Chemical Co. Provides A-Z chemicals for Galvanizing-right from: Hydrochloric Acid to Ammonium Chloride, Zinc Chloride, Zinc Ammonium Chloride Double and Triple salts

Chemicals for mining industry

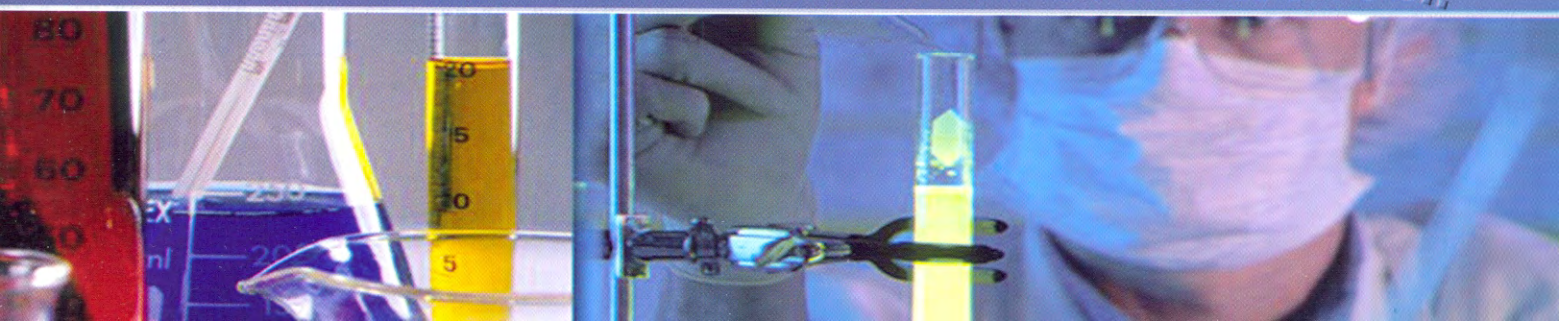

Gold Mining is a multibillion dollar Industry, with massive potential benefits to the economy of Saudi Arabia. Fouz Chemical Co. provides Dozens of important chemicals required for Gold and Silver extraction from several such mines located in different regions of Saudi Arabia. These chemicals include most toxic materials like Cyanide and Copper Sulphate besides many other chemical items from reliable sources

Chemicals for laboratory and analytical use and glassware

Fouz Chemical Co. is the sole agent of famous Australian Laboratory reagent Supplier Thermofisher, having more than 400 different items in stock. The reagent chemicals are required by Educational, health and research laboratories beside industrial labs. Fouz also provides common glass ware used in these labs. Such as different sizes and shapes of Beakers, Flasks, Cylinders, Burettes, Pipettes etc.

Specialized Chemical Transportation Division

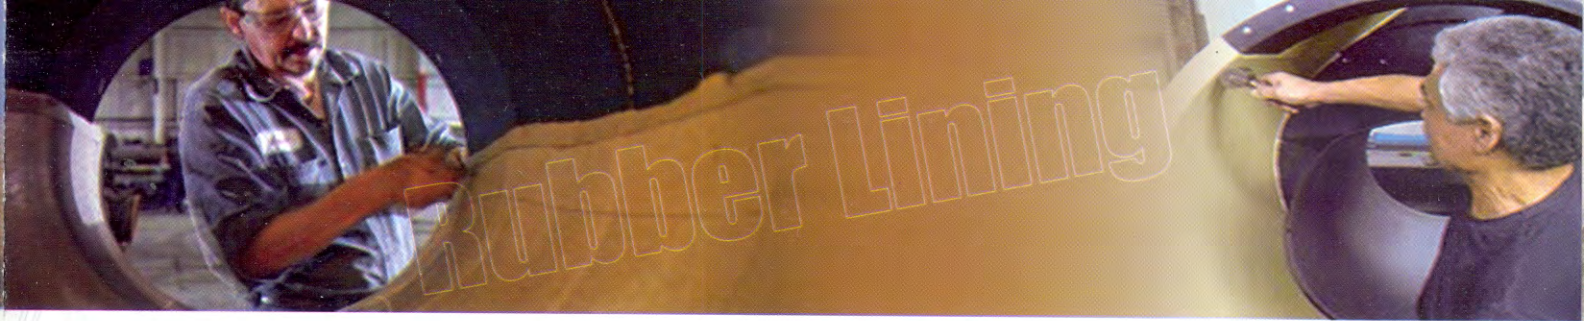

Fouz Chemical Company is a premier, Kingdom based Bulk Chemical Transportation carrier with over 35-years of continuous chemical distribution operations. To us, bulk chemical transportation is more than just a job; safely moving your chemicals from point A to point B is truly our passion.

Fouz specializes in bulk chemicals transportations with its own fleet of stainless steel and rubber lined tankers to transport Sulphuric Acid, Hydrochloric Acid, Caustic Soda Solution, MEG, Methanol, Triethanolamine, Acetic Acid and other chemicals. Our service area consists of all Saudi Arabia and GCC.

Supplier of choice for all your chemical needs

Rubber Lining Division

Fouz Chemical Company has been specialist in Rubber Lining having bagged many prestigious jobs. We undertake rubber lining both at customer's site as well as in our workshop located in Dammam, Saudi Arabia. Fouz offers rubber lining for Acid Storage Tanks - all kinds of Acids, Water Treatment Vessels, Scrubbers, Stacks and Ducts, Pipes and Fittings, Valves, Condensers, Filters, Sea Water Pipe Line etc.

Fouz Chemical Company has trained competent workforce for you to rely on. Our technicians understand the chemistry and environmental conditions under which your equipment is operating. Therefore, Fouz technicians can inform you about and recommend linings that will shield your machinery and equipment with a protective barrier against abrasion, corrosion, weather and aggressive environments.

Fouz is approved applicator of all major sheet rubber compounders including Blair Rubber (USA) and Polycorp (Canada).

Rubber Lining

RUBBER LINING DIVISION EXPERIENCE LIST

We have completed several major projects in the past years and to list a few are as follows;

- | | |
|---|---|
| 1. SCECO (Qurrayah Plant) | Internal Lining of 1800dia spools For Seawater Service |
| 2. SAFCO (Ammonia Urea Plant) | Internal Lining of pipe spools 2" dia to 54" dia. |
| 3. SAFCO (Ammonia Urea Plant) | Internal Lining to Demineralization 15 Vessels |
| 4. SABIC (SHARQ) | Internal lining to demineralization Piping and Vessels. |
| 5. SABIC (AR RAZI) | Internal Lining of 8" to 36" dia piping for Seawater cooling |
| 6. SABIC (Ibn Zahr MTBE-III) | Rubber Lining of Sea Water reducers 84" x 54" Dia. |
| 7. SCECO (Rabigh Plant) | Condenser Water boxes 8 nos. |
| 8. AIFC Yanbu Bechtel thru Metito Ryd. | 8 Nos. Demineralization vessels lining |
| 9. SABIC (Hadeed Expansion Project) | 420 spools for Seawater cooling system
Between 2200 dia to 350 dia. |
| 10. SABIC (Petrokemya Olefins Exp.) | 7 Nos. Tanks for Chemical Mixing services |
| 11. SCECO (Ghazlan Power Plant) | Maintenance in Plant for 3 years |
| 12. SHARQ (SSP 2nd Exp. Thru C.P.L) | 64 pipe spools rubber lining. |
| 13. SCECO (Ghazlan Plant Thru GEC) | 474 pipe spools rubber-lining work. |
| 14. SHARQ (SSP 2nd Exp. Thru C.P.L) | Rubber lining Revamping 3V-4101 Seawater Discharge Header |
| 15. Dowell Schlumberger SA Ltd. | 3 Nos. HCL Road Tankers for Fabrication and Rubber lining works. |
| 16. SCECO (Ghazlan Plant thru GEC) | 3 Nos. Mixed Bed Exchanger rubber lining (Expansion). |
| 17. Saudi Yanbu Petrochemical Co. | Maintenance in Plant for 4 Years |
| 18. SABIC | Maintenance in SABIC Affiliates.
(Rubber Lining Global Contract for all the SABIC Affiliates) |
| 19. Cristal | 2 HCL Tanker + 3 Caustic Soda tanker. |
| 20. A.C.C. Yanbu | Rubber lining of 3 vessels, Ion Exchanger and pipe work for plant. |
| 21. SABIC (Hadeed) | Rubber lining of Waste Acid Tank, Pickling tanks. |
| 22. SABIC (Ibn Sina) | Revamping of 36" dia Header, Deaerator tank |
| 23. Saudi Yanbu Petrochemical Co. | Revamping / repairs on 4 Nos. Ion Exchanger. |
| 24. Saudi Electricity Co. (Rabigh Plant) | Revamping of condensers unit 1, 2, 3, 4, 5 for repairs and Relining. |
| 25. SABIC (Hadeed) | Rubber lining of Waste Acid Tank, Pickling tanks. |
| 26. Bariq Mining Ltd.
(Thru Crown Steel Factory) | Slurry Storage tanks Rubber Lining; Dia 11m,
height 13m, another tank Dia 6.5m and height 6.5m,
Total area of the tanks 900sqm. |

We hope we can provide similar service to you and we assure you that we shall provide best quality Rubber Lining services as per your requirements.

Where the client is treated as a friend !!

Fouz Sales Staff is, we believe, the most knowledgeable, courteous and helpful group of Professionals in Chemical business. Our goal is to become our customers' partner of choice. Most of the Sales Engineers are Qualified Chemical Engineers and Pharmacists. Our company competes as a lean organisational structure that enables us to stay close to market place to serve you.

In short our staff functions as our greatest asset. They serve as our competitive edge.

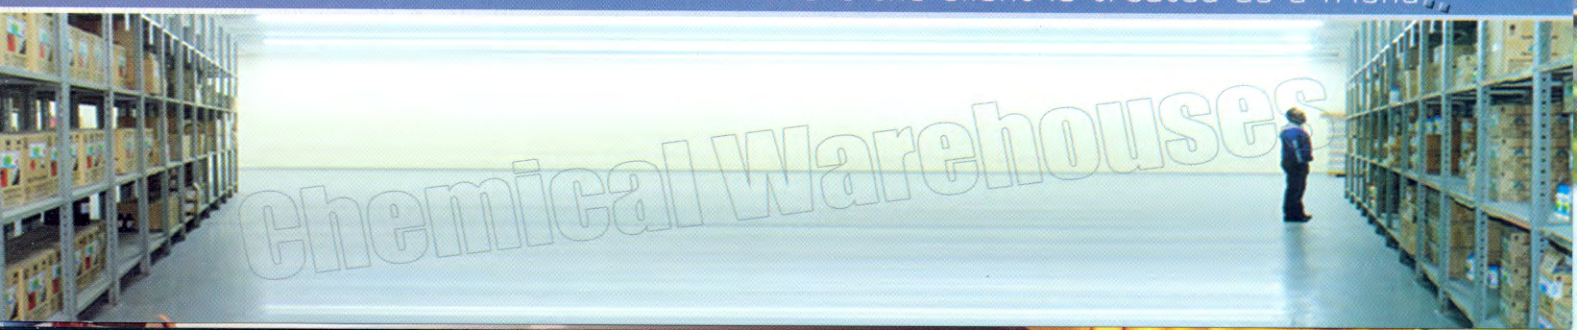

We have succeeded, and will continue to do so, because we maintain close contact with our customers

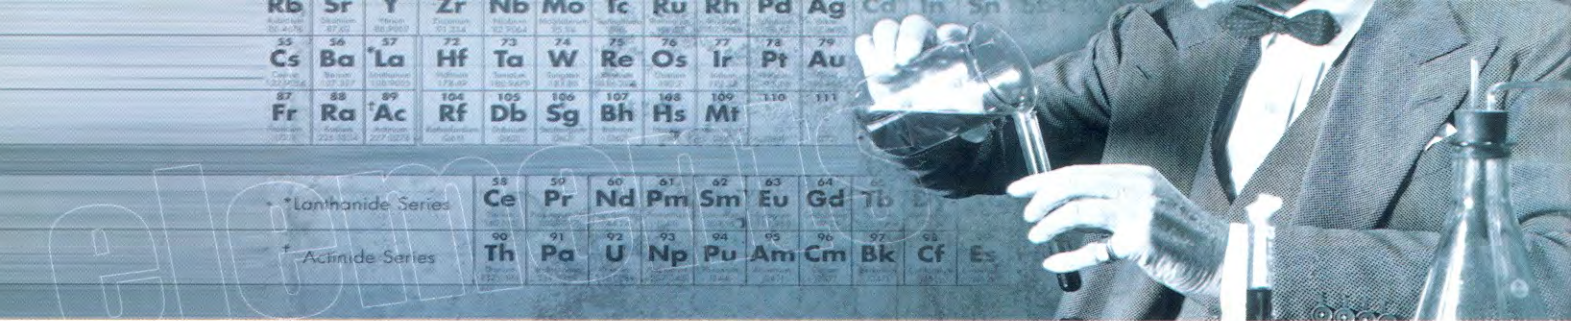

Chemical Warehouses

With more than ten [10] strategically located warehouses in Dammam , Riyadh and Jeddah , Fouz Chemical ensures flexibility , response time , and delivery performance that exceeds the competition. For laboratory chemicals , Fouz operate a fully air-conditioned warehouse to preserve the quality and high performance of reagents.
